

1.07 Use Of Mobile Phones And Cameras

Policy statement

We take steps to ensure that there are effective procedures in place to protect children, young people, and vulnerable adults from the unacceptable use of mobile phones and cameras in the setting.

Procedures

Personal Mobile Phones

- Personal mobile phones belonging to members of staff are not used on premises during working hours. In the event of a personal emergency the Manager will except that a member of staff may need to check their mobile phones. This will be done with all staff informed and member of staff who needs to use it will go outside at the back of the Preschool to use.
- At the beginning of each individual's shift, personal mobile phones are stored in staff's personal bags locked in a cupboard.
- In the event of an emergency, personal mobile phones may be used with the Manager's permission outside away from any children.
- Members of staff ensure that the telephone number of the setting is known to immediate family and other people who need to contact them in an emergency.
- If members of staff take their own mobile phones on outings, for use in the case of an emergency, they must not make or receive personal calls as this will distract them.
- Members of staff will not use their personal mobile phones for taking photographs of children on outings.
- Parents and visitors are requested not to use their mobile phones whilst on the premises. There is an exception if a visitor's company or organisation operates a lone working policy that requires contact with their office periodically throughout the day. Visitors will be advised of a quiet space where they can use their mobile phone where there are no children present.

Cameras and videos

- Members of staff must not bring their own cameras or video recorders into the setting.
- Photographs and recordings of children are only taken for valid reasons, i.e. to record their learning and development, or for displays within the setting.
- Photographs or recordings of children are only taken on equipment belonging to the setting.
- Camera and video use is monitored by the setting manager
- Where parents request permission to photograph or record their own children at special events, permission will first be gained from all parents for their children to be included.
- Photographs and recordings of children are only taken of children if there is written permission to do so (found on the individual child's contract)
